Good morning –

Crazy week (again). I know that Craig will not be able to join, and I have been consumed with pandemic response activities, so not too much prep has gone on for this morning.

Some ideas:

1. review the questions for agencies
2. review together the great slides from Francesca

Other thoughts?

Joanne

Hi all – Here is our framework for allegations and advice queries. I pulled these from a larger presentation and ended up leaving some other slides in that I thought might be of interest – but please do not share the charts. We have done a tremendous amount of outreach over the years and we are in a place where people readily come forward – so don't be shocked by the numbers.

Thanks

Francesca
